THE ART OF INTERIORS

# Hotel Interiors

Beautiful interiors for exceptional hotels

## About Us

---

Since 1979, Clayton & Company has been creating thoughtfully designed interiors for hotels, restaurants, private homes, and developers across the UK.

Our team of 50 includes 15 talented interior designers, supported by skilled makers, stylists, and project managers - all working together to deliver exceptional results on time and on budget.

Based between Bristol and Bath, we work nationwide with our own in-house workroom producing everything from curtains and cushions to upholstered headboards and picture frames.

Our expert installation and warehouse team ensure a smooth, end-to-end experience.

# Our Expertise

---

With a reputation for integrity, quality, and creativity, we're proud to be trusted by top hotel operators and private clients alike to reimagine and elevate their interior spaces. Over the years, we've built lasting supplier relationships and deep product knowledge, to offer premium fabrics, wallpapers, and soft furnishings.

Talk to us about your next refurbishment or new opening. Contact details are on the back page.

## Working With Us

---

Our clients return time and again - and for good reason. We tailor each design to your vision, your space, and your goals. Whether you're planning a full refurbishment, launching something new, or simply refreshing a space, our designers and project managers are here to support and guide you every step of the way.

We'll work with you to create a look and style that always respects your property's architecture, and appeals to your personal taste. As part of a larger interiors business, you'll benefit from one-to-one service and support from our supplier partnerships. In addition, we can assist in sourcing specialist items, artwork, or antiques.

### Tailored To You

---

We know that updating your hotel, launching a new restaurant, or refreshing your home is a big decision. We'll adapt our approach to suit your level of involvement, building a team around your requirements, ensuring the finished space is not only beautifully realised, but works for your guests and your business.

## Hotels Designed To Welcome & Perform

---

From boutique townhouses to grand period properties, our hotel projects share a consistent approach: thoughtful planning, beautiful detailing and a calm, guest-focused atmosphere.

The following pages showcase a selection of schemes, each tailored to its location and brand while reflecting the same level of care you'll receive on every project.

## Royal Crescent Hotel & Spa - Bath

Working closely with the General Manager and owners, we individually designed each of The Royal Crescent's eleven exclusive hotel suites. Our design needed to be contemporary and stylish while celebrating the property's historic Georgian architecture, grand fireplaces, and intricate mouldings.

### Testimonial

"We were delighted with the work Clayton & Company did when refurbishing the suites at The Royal Crescent Hotel & Spa. It is always difficult when trying to upgrade such an historic and iconic building, but Clayton & Company totally understood the brief and did a wonderful job of marrying the traditional Georgian features with more contemporary fabrics and colours to give a fresh, modern feel to the rooms.

"The team were a pleasure to work with, recognising the flexibility required to work around our guests and periods of high demand. At every stage we were kept up to date with costs and it was an added bonus when the whole project came in under budget."

Lorraine Jarvie, General Manager, The Royal Crescent Hotel & Spa

## Deer Park Country House - Devon

---

### Testimonial

"We have had the pleasure of working with Clayton & Company for a number of years on various projects, Ciara and the team have always exceeded our expectations. They really do understand the brief, deliver on budget and on time and are a real pleasure to deal with."

Mark Godfrey  
Director, Deer Park Country House, Devon

## Clevedon Hall - Somerset

---

Transforming a Grade II listed building, formerly used as offices, into a unique 'home from home' 25 bedroom hotel.

Our challenge for this Grade II listed property was to create a scheme that was sympathetic to the existing architecture but also introduced a sense of character and authenticity. Using a traditional colour palette, elegant furniture choices and sensitive lighting scheme, this former office building was transformed into a 25 bedroom hotel with a distinct 'home from home' country house atmosphere.

### Testimonial

"We were delighted with the work carried out by Clayton & Company to create the interiors of our bedrooms, which are regularly complimented on by our guests. The team was professional, friendly, and the quality of the designs and the work excellent."

## Tewkesbury Park Hotel - Cotswolds

A once tired and dated interior, we breathed new life into this family-owned golf resort and spa, transforming it into a stylish and contemporary space. The spacious, open plan foyer, bar and lounge were re-imagined to create both intimate and social zones.

### Testimonial

"We worked with Ciara and the Clayton & Company team to fully refurbish the public areas and orangery restaurant at Tewkesbury Park. They were a delight to work with and years on from completion we're still receiving regular compliments about the style and standard of the furnishings. We're thrilled with the finished result."

Claire White, Proprietor, Tewkesbury Park Hotel

## Ciara Donegan-Davies

LEAD DESIGNER

---

Ciara joined Clayton & Company in 2010, bringing experience from renowned designer Nina Campbell. With a History degree from Bristol University and design training at KLC School of Design, she has managed a wide range of high-end projects, including The Groucho Club, Berry Bros. & Rudd, The Royal Crescent Hotel, and The Reform Club. Ciara's keen design eye and her meticulous project management have made her a valued member of our team for over 15 years.
